

CURRICULUM OVERVIEW

Team Leadership for APPs

ThriveAP's Leadership Development

ThriveAP Leadership Development prepares experienced APPs to grow their influence through clinical, team, operational, and organizational leadership. Through flexible, on-demand education, participants build practical leadership skills they can apply to communication, team performance, decision-making, and broader organizational priorities.

Program Framework

Team Leadership for APPs prepares APP leaders to confidently manage the people, processes, and operations that drive successful clinical teams. Through practical, applied learning, participants develop the leadership, communication, and operational skills needed to enhance team performance, improve engagement and retention, optimize workflows, and foster a culture of quality and accountability.

Format: Asynchronous Webinars Delivered Weekly Over 3 Months
