

CURRICULUM OVERVIEW

Inpatient Oncology

ThriveAP's Onboarding Support Programs

ThriveAP's Onboarding Support programs help Nurse Practitioners (NPs) and Physician Associates (PAs) build role-specific readiness and confidence as they enter a new specialty, role, or care setting through on-demand educational material. Each recorded webinar session is designed to encourage deeper understanding of clinical concepts through case studies and applied learning. Participants also benefit from virtual coaching and mentorship with experienced faculty.

Program Framework

Designed for the inpatient setting, this curriculum equips APPs to manage complex oncology patients through evidence-based education, practical case studies, and specialty-specific instruction. Topics build from foundational concepts to advanced clinical decision-making.

Format: Asynchronous Webinars Delivered Weekly Over 3 Months

CE/CME: 13+ hours accredited by AAPA & ANCC

About ThriveAP

ThriveAP is not just an onboarding program, it's an APP workforce transformation solution for health systems. By taking advantage of both the 12-month Transition to Practice (TTP) program and our 3-month Onboarding Support programs, employers can build long-term retention strategies, ensuring cost savings, efficiency, and improved patient access to care.
