

Onboarding Support

Our 3-month asynchronous curriculum to standardize onboarding and accelerate APP readiness.

Overview

ThriveAP's Onboarding Support programs help Nurse Practitioners (NPs) and Physician Associates (PAs) build role-specific readiness and confidence as they enter a new specialty, role, or care setting through on-demand educational material. Each recorded webinar session is designed to encourage deeper understanding of clinical concepts through case studies and applied learning. Participants also benefit from virtual coaching and mentorship with experienced faculty.

Best Fit For

- ✓ APPs entering a new specialty, role, or care setting
- ✓ Organizations seeking a focused alternative to a full Transition to Practice program
- ✓ Teams that want more standardized specialty onboarding
- ✓ Service lines that need faster APP readiness
