

Specialty Upskilling

Our 3-month asynchronous curriculum to expand APP specialty capabilities and support service line growth.

Overview

ThriveAP Specialty Upskilling provides targeted specialty education for more tenured, practicing APPs who need to expand scope, deepen clinical knowledge, and practice at the top of license. Designed for adapting to new clinical demands, changing patient populations, or anticipated cross-training opportunities, ThriveAP Specialty Upskilling helps providers strengthen specialty-specific knowledge and apply it with greater confidence in practice.

Best Fit For

- ✓ Experienced APPs expanding scope or deepening clinical knowledge
- ✓ Organizations supporting new service lines
- ✓ Teams adapting to new clinical demands or patient populations
- ✓ APPs preparing for cross-training opportunities

PROGRAM AT A GLANCE

3-month targeted curriculum

Specialty-specific learning

About ThriveAP

ThriveAP is not just an onboarding program, it's an APP workforce transformation solution for health systems. By taking advantage of both the 12-month Transition to Practice (TTP) program and our 3-month Onboarding Support programs, employers can build long-term retention strategies, ensuring cost savings, efficiency, and improved access to care.
